1. Document Purpose

This document comprises a summary of the process used to configure the “share” buttons on LPC websites using the PSNC template. Share button functionality is currently installed via the ‘AddToAny’ WordPress plugin.

2. Configuration

2.1

On the left of the screen, Click **Settings**.

The screenshot shows a WordPress dashboard interface. On the left is a dark sidebar menu with various options. The 'Settings' option is highlighted with a yellow border. The main content area shows a 'Dashboard' header, a notification about a plugin update for 'Popup Maker', an 'Upgrade Notice' for 'WP.Ultimate CSV Importer', and a 'Mandrill Recent Statistics' widget. Below these is a 'PSNC Messages' widget containing a welcome message and links to user guides and task lists.
